ISPEC 2018

14th International Conference on Information Security Practice and Experience
Tokyo, Japan | 25-27 Sep, 2018

The 14th International Conference on Information Security Practice and Experience (ISPEC 2018) will be held in Tokyo in September 2018. The ISPEC conference is an established forum that brings together researchers and practitioners to provide a confluence of new information security technologies, including their applications and their integration with IT systems in various vertical sectors. In previous years, ISPEC has taken place in Singapore (2005), Hangzhou, China (2006), Hong Kong, China (2007), Sydney, Australia (2008), Xi'an, China (2009), Seoul, Korea (2010), Guangzhou, China (2011), Hangzhou, China (2012), Lanzhou, China (2013), Fuzhou, China (2014), Beijing, China (2015), Zhangjiajie, China (2016) and Melbourne, Australia (2017). For all sessions, the conference proceedings were published by Springer in the Lecture Notes in Computer Science series. ISPEC2018 is supported by the Technical Committee on Information Security (ISEC), IEICE, Japan, and sponsored by Hitachi, Ltd., Mitsubishi Electric Corporation and TOSHIBA Corporation.

Submission Guidelines

Submitted papers must not substantially overlap with papers that have been published or that are simultaneously submitted to a journal or a conference with proceedings. Papers must be clearly presented in English, must not exceed 16 pages in length excluding the references and appendixes (up to 20 pages), in Springer LNCS Format with Portable Document Format (.pdf).

Papers will be selected based on their originality, timeliness, significance, relevance, and clarity of presentation. Submission of a paper should be regarded as a commitment that, should the paper be accepted, at least one of the authors will register and attend the conference to present the work.
